Product Name :

Hydro Extractor

Product Code :

EQUUP-UE-FLM0005

Description :

Hydro Extractor

Technical Specification :

High quality stainless steel
excellent performance
smooth running
high dewatering rate
Factory wholesale
long service life
ease of operation
capacity from 30-600 kg
competitive price
spin dryer

three legs suspended structure, safe and reliable

The main parts adopt imported high quality stainless steel for lasting using.

Excellence performance, smooth running, high dewatering rate.

Among them, big capacity dewatering machine using West Germany Technology, is made in accordance with international standards. It has the characteristics of big capacity and low energy consumption.

It also has the system of shockproof, timing, automation and safety control. The brake system adopts feet braking; smooth braking, easy and flexible to operate.

Starting wheel structure at the bottom of axes accelerates gradually the revolver during star-up without overloading the electromotor.

Customized size and specification as per your drawing or sample. We Hydro Extractor suppliers UAE Dubai, can make the Hydro Extractor as per your request, specification, size and bulk quality Dubai.
